

Dear Valued Patients and Families,

For many years, it has been a privilege to serve you and your families with orthodontic care. Being part of this community and supporting patients at every stage of life has meant more to me than words can express. I will be retiring later this spring, with a gradual transition planned over the coming months. During this time, I will remain involved in the practice to support continuity of care and ensure a smooth transition.

With that in mind, it is with great confidence that I introduce Dr. Jeff Bastian, the orthodontist I have personally chosen to join our practice and continue the care and values you have come to trust. Dr. Bastian will begin seeing patients on February 2, 2026, allowing us to work closely together and support our patients side by side.

Dr. Bastian is a Washington native from Snohomish and brings both exceptional training and a genuine heart for patient care. He completed his dental education at the University of Washington and his orthodontic residency at Saint Louis University. He believes that trust and teamwork are essential to great orthodontic care and stays current with advancing technology to provide the best experience for his patients.

Outside of the office, Dr. Bastian is a devoted husband to his wife, Jaylee, and a proud father to their young daughter, Ellie. Family and community play a central role in his life. He enjoys spending time outdoors with his family hiking, skiing, camping, kayaking, and fishing. A former Division I long-distance runner, Dr. Bastian has a lifelong love of sports and remains an enthusiastic supporter of the Seattle Seahawks and Mariners. He is grateful to call this area home and looks forward to building lasting relationships with families throughout Maple Valley, Enumclaw, and surrounding communities.

Dr. Bastian & Family

Thank you for allowing me to be part of your orthodontic care. It has truly been an honor to serve you. If you have any questions, our team is happy to help at (425) 413-2121. I am grateful for the trust you have placed in our practice, and I am confident that Dr. Bastian will continue that tradition of care.

With sincere gratitude,
Dr. Kirby
